What is Aquamaxx?

AquaMaxx is durable, hi-tech super reinforcement that can be applied to a selection of our Aquaestil whirlpool baths. The AquaMaxx super reinforcement has been developed, engineered, tested and then tested some more by quality control, ensuring the highest of standards and a perfect coat. In addition to having a warm glossy finish and anti-bacterial quality built in, the AquaMaxx coating provides cast iron strength and extra thermal insulation, thus allowing for additional comfort during a long soak.

Bath Panels

Due to the height and depth of the Plane Duo range our standard panels are not tall enough, Aquaestil offer a dedicated Plane panel which you can select above, a side view image is shown above.

Height with panel 63 cm.

UPGRADES

If you would like to add different underwater lighting, add bath panels, taps or extra jets simply add them to your shopping basket. Lighting and extra jets are fitted to your bath and fully tested before delivery.

All whirlpool and spa systems are manufactured at our UK factory, if you would like to discuss a different bespoke system please get in touch.

Taps and bath panels and any other items will be dispatched with your bath.

WARRANTY

20 Year Shell Warranty

10 Year Pipe Work Warranty

2 Year Pump Warranty

DELIVERY

We aim to deliver your bath within 7 working days. Please contact us if you require one sooner.
