#### **What is Aquamaxx?**

AquaMaxx is durable, hi-tech super reinforcement that can be applied to a selection of our Aquaestil whirlpool baths. The AquaMaxx super reinforcement has been developed, engineered, tested and then tested some more by quality control, ensuring the highest of standards and a perfect coat. In addition to having a warm glossy finish and anti-bacterial quality built in, the AquaMaxx coating provides cast iron strength and extra thermal insulation, thus allowing for additional comfort during a long soak.
