Upgrades

If you want to upgrade your bath the following upgrades are available.

Turboflow Club performance at the press of a button. In this option we have fitted a whirlpool system and have added a 12 jet airspa with a diverter valve. This enables a combination of both whirlpool and airspa and gives you complete control as to whether you maximise the whirlpool or the airspa, with breathtaking performance.

Electronic Controls + Turboflow Have all the benefits of the Turboflow system with the added luxury of an intelligent electronic control pad which controls the on/ff functions of the whirlpool and spa and also allows you to increase and decrease the speed of the blower.

Use the Option boxes below to select your upgrade.

Delivery

Delivery is Free to most of the mainland UK, some areas may incur a delivery fee, these areas are shown in the checkout and are also listed below. If you are unsure or have any doubt please call 0800 028 6174, our friendly sales team will be happy to assist you.
