Kaldewei Classic Duo Double Ended Whirlpool Options

Kaldewei Puro Double Ended Bath

The Classic Duo from Kaldewei is a stunning doubled ended steel bath made from 3.5mm steel. If you are looking for a super strong Whirlpool Bath with identical corners with a timeless balanced design then this Kaldewei Classic Duo certainly fits the bill.

Available in 4 sizes. Prices included full feet kit.

Each Classic Duo bath can be fitted with either a 6, 8 or 11 Jet Whirlpool system with Chrome Jets and Controls, select your system from the options box below. Other systems can be fitted.

Each Puro bath is supplied with a free chrome on brass pop up waste system (supplied in a box)

If you require a different whirlpool system please contact us for a quotation.

Please note we cannot fit an air spa system to steel baths.

Our Balboa Chromotherapy Light or Fade Chromotherapy Light can be fitted to this bath, just add them to the basket when you check out.

Mood lighting is not suitable for this bath.

Warranty

20 Year Shell Warranty

10 Year Pipe Work Warranty

2 Year Electrical Warranty

About Kaldewei Whirlpool Baths

What started out with industrial products made of enamel developed into a unique quality standard for baths and shower trays. In Ahlen in Westphalia, Germany, Kaldewei manufactures products that are exported all over the world.

Every bath, shower tray and whirlpool bath by Kaldewei is made from a unique material: Kaldewei steel enamel 3.5 mm or 2.5 mm. This material thickness provides stability, solidity and durability.

This makes Franz Kaldewei GmbH & Co. KG the market leader for baths and shower trays in Germany and Europe.

In addition to discerning design of the highest quality, its consistent environmental focus is another cornerstone in Kaldeweis production.

It uses only natural materials
