

Fiddlers Elbow Grease

Bath Salts with Hemp

Luxuriate in a bath with our fragranced bath salts. We've blended Himalayan and Magnesium salts with a little bicarbonate of soda to soften skin. We've also added coconut oil extracted hemp, arnica, avocado and hypericum oil to naturally soak away tension!

Just hang one of our salt bags under the tap and allow the water to dissolve the salts into your bath.

Our single use has a minimum weight of 350g

We've introduced a 5 bag refill pack - it comes with a spare voile bag so that you can refill and reuse.
