
PRODUCT

D-Link - DGS-1026MP - 26 Port Unmanaged Gigabit Switch

The D-Link DGS-1026MP 26-Port Gigabit Max PoE Switch enables users to easily connect and power PoE-capable devices such as wireless access points (APs), IP cameras, and IP phones. Each of the 24 PoE ports can supply up to 30 W, with a total PoE budget of 370 W.

The DGS-1026MP features 24 10/100/1000Base-T ports, that support the IEEE 802.3at PoE+ standard. Each of the 24 PoE ports can supply optimal power, with a high total PoE budget. The PoE usage LEDs further provide real-time feedback on the current PoE power usage on the network and help plan out the PoE network budget, preventing PoE overloading problems
