£5.95

DESCRIPTION

BUSS/15 - Buss 15A ATC Circuit Breaker • For all RIGrunner fuse positions (Except 4010S Master)
• Manual Reset Single Pole Circuit Breaker • COOPER Bussmann Automotive Products Caution: Due to thicker blade width, once this Circuit Breaker is inserted into a RIGrunner fuse position, that fuse position can no longer securely hold an ATC fuse. To re-install an ATC fuse, first squeeze together both fuse clips with pliers.
