Delivery: £3.95 incl. VAT per order

The **Pain Assessment Chart** is a multi-purpose communication aid designed specifically to help someone express the source, degree and effect of their pain and discomfort.

- Clear gender-specific displays
- Empowerment to communicate pain and discomfort more effectively
- Reduce frustration associated with difficult communication
- Increase the likelihood of appropriate treatment
- Increase understanding of the location and degree of the problem

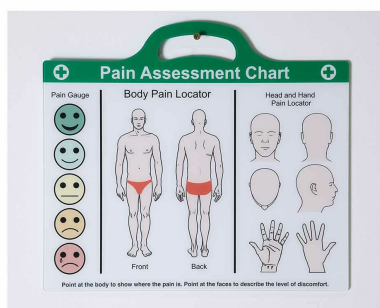

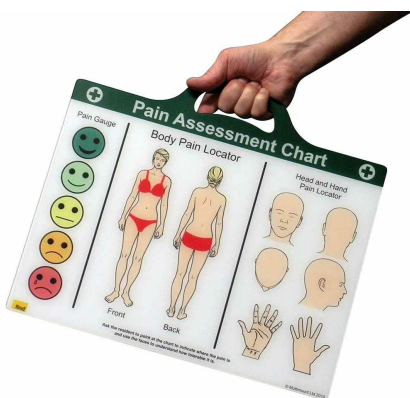

The Pain Assessment Chart has been designed for simplicity of use and understanding, making it as easy as possible for someone with cognitive and visual impairments to get their message across. This is particularly important when someone's powers of speech have deteriorated, or gone altogether.

Double sided to offer specific male/female information, the product is non-reflective with an integral handle and anti-bacterial qualities, as well as being suitable for use with most chemical cleaners.

Specifications

- Double sided display for male/female
- Non-reflective
- Anti-bacterial
- Resistant to most chemical cleaners
- Rigid, laminated construction but only 4mm thick
- Integral handle
