The **Animal Bingo Audio Game** is a fun, age-appropriate game that is accessible for those at early and later stages of their dementia journey, helping to improve cognitive functions and social participation.

- Designed for people with dementia who may struggle to play traditional bingo
- Uses authentic animal sounds and beautifully illustrated images that individuals with dementia will recognise
- Can be enjoyed by the whole family, care home, or activity group

How It Works

Animal Bingo is a group activity for up to 12 players, and a bingo caller to run the session. The game is simple, the bingo caller plays the different sounds on shuffle whilst players put counters on the matching image.

The caller will also have a flip book to show images of the animals alongside the sounds as an extra prompt. To win, a player needs to match 9 animal on their card and shout Bingo!
