Aquapaint for Dementia - Natural World is an innovative & unique painting activity for people with cognitive loss.

Simply paint water onto the drawing & the coloured image will appear, as the water dries the image will fade, allowing the aquapaint to be used again.

- Reusable painting activity
- Designed for people with dementia or cognitive loss
- 5 images per set that have been specifically chosen to promote conversation

Aquapaint for Dementia Natural World can be enjoyed by anyone and is very popular with care homes due to its appeal with residents, along with its re-usability.

Please note: paint brush not included

Natural World

Is there anything more relaxing than time admiring some of nature's most beautiful creatures? Whether you are glaring into a goldfish bowl or watching a horse trot around a paddock, we all have our favourites.

Images included: A butterfly, a goldfish, a cat, a peacock, and a horse

How it works

Each set comes with five different images that have been carefully selected to help start a conversation when the painting is complete – simply paint water onto the sheets and watch the image appear.

As the water dries the image will fade, ready to be used again.
