The **Lockable Plug Socket Cover** can be used to prevent any tampering of plugs around the home.

- Fitted using a screwdriver in minutes
- 2 x keys provided per plug cover
- Compatible with double-sockets (no single-socket version available yet)

The lockable plug cover is very useful around the home of a person with Alzheimer's or dementia, ensuring that certain home appliances cannot be turned off by accident from the mains power, such as fridges, computers, or any number of other appliances.

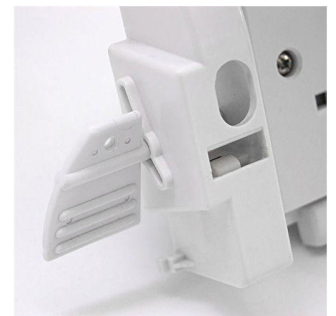

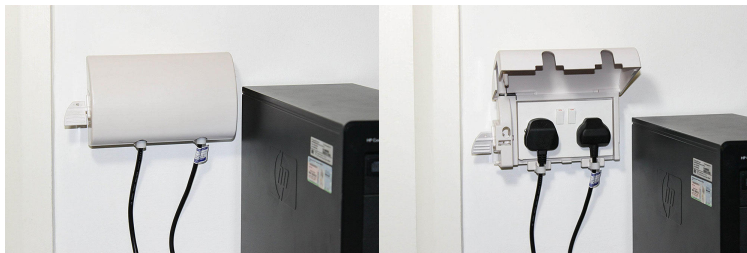

Easily fitted: Simply loosen the two screws on a standard UK double plug socket, slip the protective cover over the top, and tighten the screws.

The only way to open the Lockable Plug Cover is by using one of the two keys provided.

Plug Size Warning

The Lockable Plug Cover can only be used with standard sized plugs, and not larger plugs that are used on some AC/power adapters.
