Our **Fluted Grab Rails in ABS Plastic** are a simple but effective solution for reducing the likelihood of falls in and around the home, particularly in the bathroom.

- Our grab rails are available in red or blue - as with many of our bathroom/toilet products
- High contrast colours make them easier to see
- Falls can be avoided with a carefully sited grab rail

ABS Plastic or Powder-Coated Steel

Our Grab Rails are available in two different materials – ABS plastic and powder-coated steel. Both are suitable for most situations although we do not recommend ABS for outdoor use and we would recommend ABS in very wet areas such as over the bath or in a shower.
