The **Armley Raised Red Toilet Seat** is a convenient method of adapting any toilet seat to fit the needs of an individual.

- Bright contrasting colour; reminds people with cognitive loss what the purpose of the toilet/bathroom is, and where it is located
- Easily attached & removed, requires only the hands (no tools)
- Can usually be used without needing to removing existing toilet seat

The Armley Raised Red Toilet Seat can be very useful in shared households or accommodation, when travelling, in care homes or hospitals, or simply as a more temporary solution than permanently replacing a toilet seat.

Comfort Features

The Armley Raised Red Toilet Seat is also designed for comfort:

- Raises the height of a toilet; allowing users to get on & off the toilet easier, with less pressure on hips & legs
- Large surface area that distributes weight more evenly than a standard seat
- Contoured edges; increases comfort & stability

Hygiene Benefits

The Armley Raised Red Toilet Seat has many features that make it an extremely hygienic toilet seat:

- One-piece plastic moulding allows for easy movement & cleaning
- Can be fully immersed in water, or placed in an autoclave to be sterilised
- Anti-bacterial protection built-in as standard
- Wide cut-away at the front allows for easy personal cleaning during use

These hygiene benefits are useful for all customers, but they also make this seat a popular choice for the NHS.

Combine with Dementia Signage

Combining the Armley Raised Red Toilet Seat with a red toilet sign can also work very well, you can view all of our signs by visiting our [Dementia Signage](#) page.
