The **PAG-11C Pager for Wireless Wander Systems with LCD Display** is a portable alarmed pager that's compatible with all AlzProducts Wireless Wander Systems and Transmitters:

- Part of our MPPL System
- Durable and robust design with belt clip for convenience
- Can be linked with up to 99 transmitters, providing coverage for multiple rooms or areas
- Multiple pagers can learn the signal from many transmitters, allowing for complex customisation
- Alarm volume control and display with vibration
- Stored alarm review button
- Radio integrity monitoring

Batteries

- 2 x AA batteries (included) with low battery warning
- Low battery warning.

Suitable for

- Any customer that requires a pager that can identify alarms from different transmitters
- Popular as a cost-effective solution to smaller care homes that want to know the specific alarm that's been triggered

Important: Alarms cannot be renamed

The alarms on this pager will follow in numerical order, Call 01 , Call 02 , Call 03, etc. These names cannot be changed.

How to Order

Orders can be placed securely online at AlzProducts.co.uk - or over the phone with our UK sales team.

Call 024 7642 2224 to place your order or for further information. This product's order code is MP-PAG-11C.
