Pictures to Share A Funny Old World is an illustrated book that can encourage meaningful communication and provide enjoyment for people with cognitive loss.

They are very popular as picture books for people with dementia, and they are also suitable for:

- People who have had strokes, brain injuries, or any cognitive loss
- Parkinson's disease
- Alzheimer's disease

Our picture books for people with dementia are also great for care homes, either as a group activity, or individually.

We offer 12 different books, ensuring there is something for everyone in this collection.

Picture Books for people with Dementia

Picture books can be a useful tool as they help promote conversation & dialogue, which in turn can have a whole host of benefits:

- Helps alleviate boredom
- Can help combat depression
- Reduces isolation between individuals when used as group therapy, for example in care homes
- Increases relationship levels between individuals & carers, as pictures help promote conversation about life events in a casual & non-invasive manner

The pictures used in these books were specifically chosen for people with Alzheimer's & dementia, there is a large variety of images that do not require any "memory" to prompt conversation.

They are all of such commonplace scenes & ideas that all individuals will have thoughts & emotions linked to the images.

Pages: 48 per book
