The **C500 KeySafe™** is the UK's first police approved key safe, combining the convenience of a key safe with an industry leading level of security.

- Allows convenient access to the home by trusted people; such as relatives, loved ones, & carers
- Can help reduce burglaries by reducing the amount of keys in circulation, and also removing the need for vulnerable individuals to open the door on a regular basis
- Over 4000 possible code options
- Can store up to 5 keys, including large keys up to 3" in height

Security Information

The C500 KeySafe™ has numerous security accolades:

- Highest security rating ever achieved by a key safe in the UK: LPS 1175 Level 1
- Equivalent attack resistance to a front door
- Approved by the Association of Chief Police Officers
- Does not invalidate Home Insurance; trusted by insurance market leaders such as Churchill & Direct Line

Installation

A fixing kit is included with the C500 KeySafe™, the following tools are **not included** but are required for installation:

1. Drill
2. 5mm masonry drill bit
3. Torx T30 screwdriver

The 4 masonry screws that are included in the fixing kit must be used to maintain the LPS 1175 level 1 security rating, the C500 KeySafe™ must also be fitted to a concrete or brick wall to retain this security rating.
