Our **Powder-Coated Steel Grab Rails** are a solid grab bar with an attractive and high-quality finish that's suitable for any care environment.

- High contrast colours make them easier to see
- Falls can be avoided with a thoughtfully sited grab rail
- Supplied with integral screw cover
- Available in 5 sizes and 2 colours

Unlike many of the steel options, this grab bar comes with a powder-coated steel cover to protect the fixings and provide an attractive, high-quality finish.

Satin or Gloss?

We recommend a satin finish (where available) for all of our bathroom products. Satin has no glare and a number of advantages of gloss;

- Glare from gloss surfaces can make a product look as though it wet, even when it is dry
- No reflections; someone with dementia or Alzheimer's may get confused or agitated if they see their own reflection

Key differences between our grab rails

We offer two different types of grab rails; ABS plastic and powder-coated steel. Both are suitable for most situations although please bear the following in mind;

- We **do not** recommend ABS plastic for outdoor use
- We **would** recommend ABS plastic in very wet areas, such as over the bath or in a shower
- Our ABS plastic grab rails are only available in red or blue

Please find the sizes and weights of our Powder-Coated Steel Grab Rails below;

- 300mm - 600g
- 450mm - 800g
- 600mm - 890g
- 740mm - 1170g
- 900mm - 1320g
