- Part of the POCSAG system
- Complete kit - comprising of 1 x alarm pager and 1 x long range door transmitter
- Operating distance of up to 400m
- Ideal for medium/large care homes

The **Long Range Door Transmitter & Alarm Pager** is designed to monitor exits and send a long-range alarm signal when the door/window opens.

Features of the Long Range Door Transmitter

- Simple and compact design with on/off switch
- Powered by 3v Lithium long-life battery (included)
- Marks on both transmitter and magnet to indicate how they should be lined up during installation
- Ideal positioning is for the magnet on the door and the transmitter on the door-frame

Features of the POCSAG Pager

- Powered by 1 x AAA battery (included)
- Can receive personalised messages that specify what alarm has been triggered
- Unlimited number of alarm transmitters can be added to the pager

Custom Pager Messages

Custom pager messages (for example, "Floor 2, Bedroom 1") can only be programmed by our team before dispatch.

The default pager message is "Door Alarm", if you require a custom pager message for multiple alarms then please contact us for further information.
