Price: £7.50 - £354.00 incl. VAT

Date: 26/08/2019

VAT Relief Eligible: Yes

Delivery: £3.95 incl. VAT per order

The **One Direction Straw** is an innovative straw that prevents liquid from flowing back down and can help improve hydration and reduce spills.

- Rigid design with valve fitted at the bottom of the straw
- Design ensures that valve is not visible when it is in use The straw is rigid and the valve is fitted at the bottom of the straw and also prevents it from being withdrawn from the mug when used with the cap
- Straw can be curved into shape by warming hot water, applying gentle pressure where the bend is required, and then running under cold water
- Straw and valve can be separated and cleaned for multiple uses
