Door Cals transform a plain, flat, internal door to create the appearance of the distinctive entrance to someone's home.

- Attractive way to introduce differentiation into a corridor where all doors previously looked the same
- This strategy can be truly enabling for someone who has difficulty or lacks confidence identifying the door to their own room
- Fire-rated class 0 and laminated so they're resilient to impact and chemical cleaning products
- Self-adhesive in a wide range of colours and designed to suit most standard doors

Benefits for people with Dementia

- Better orientation and increased confidence
- More stimulating and attractive environment
- Can reduce the incidences of people entering the wrong room thinking it is their own

Advice on choosing colours

- When choosing colours for Door-Cals, contrast is a key consideration
- Colours don't need to be bright and garish, but they should be distinguishable and contrast with the immediate surroundings

Customisation

- Choose your own colours with no additional cost
- Choose your own dimensions if required

Safety & Durability

- Class 0 fire-rated (certificate available on request)
- Compatible with fire-doors
- Waterproof, chemical resistant, laminated, and hard-wearing

Wood Grain Effect

The Wood Grain Effect option is very similar to the "Plain" except there is a slight wood grain effect on the printing.

All images shown when selecting colours above are the Plain version of the door cal.
