The **DoorWatcher™ - Additional Wristband** is designed to allow a person(s) prone to walking more freedom and independence while in care.

- Part of our DoorWatcher™ range
- Alerts care staff if the resident(s) approach a monitored door (internal or external), corridor, or other hazardous area
- Detects residents that pass the DoorWatcher by responding to low level signals continually transmitted by the wristbands

Important: This wristband will not function without an existing DoorWatcher kit.

Features

- Lightweight and comfortable to wear
- Powered by sealed in lithium batteries, providing a continuous service life of 12-24 months
- Secure power on/off setting
- Alarm transmission if unauthorised removal occurs
- Unlimited numbers of wristbands can be used with door strip monitors to allow all exit doors to be protected
- Unique RF ID
- Programmable SOS call button option (default set to off, contact us)
- Water resistant but not water proof
