

Splash-Proof Call Pendant Transmitter for MPPL Systems

Code: 1005213

Price: £19.99 incl. VAT

Date: 13/11/2019

VAT Relief Eligible: Yes (£16.66 with VAT relief)

Delivery: £3.95 incl. VAT per order

The **Splash-Proof Call Pendant Transmitter for MPPL Systems** is a useful SOS pendant.

- Part of our MPPL System
- Also compatible with AD-01 emergency help call dialer
- Up to 10 call buttons can be used with a single MPPL pager
- Supplied with breakaway lanyard and batteries
- Light flashes on pendant indicating low batteries

When the "Call" button on the Alarm Pendant Transmitter is pushed a signal is sent to the MPPL Pager (sold separately), which then activates the pager alarm.

Splashproof Ergonomic Design

- Rubber design ensures pendant is easy to grip, even when wet
- Requires little pressure to push, suitable for people with limited dexterity
- Splash-proof, perfect for the bathroom

Want to call an emergency contact instead?

The Waterproof Call Pendant Transmitter can be used with the AD-01 emergency dialer, instead of the MPPL pager.

Requirements

Please be aware, the Splash-Proof Call Pendant Transmitter for MPPL Systems cannot function without an MPPL Pager or AD-01 emergency dialer. If you already have a Pager then this transmitter can be added to your current system.

How to Order
