The **CL64 Classic Rotary Style Corded Telephone** has an attractive retro design with unique features for when operating a normal telephone is too difficult.

- Auto-dials emergency contact if no number is entered
- Automatic hang-up feature
- SOS button for simple emergency contact calling
- Retro rotary style for familiarity
- Hearing aid compatible with extra loud ringer and visual ring indicator

Important: SOS number is programmed to ring 112/999 as a factory standard. This can be changed using the keypad underneath.

Automatic Disconnect

- Automatically disconnect when the person on the end of the line hangs up (even if the handset is not replaced on the cradle)
- If this happens and there is a new phone call the phone will still ring as usual, to answer the call, pick up the handset, and then press and release the "hook" button once
- Automatic disconnect feature can be turned off if not required

SOS Button with Auto-Dial

- Auto-dials SOS number if no button is pressed when the hook has been lifted and 4 seconds have passed
- Auto-dial function can be turned off if not required

Memory Buttons

- There are 3 one touch easy connect buttons (including the SOS button) that can be programmed to any numbers
- Underneath the phone is a lockable flap which houses a full numeric keypad to programme the numbers

Ringer & Volume

Telephone will ring at 70dB and can be increased to ring at 80dB by inserting 4 x AA batteries. Volume control button can also increase the callers voice by an extra 25dB.

- Hear Aid Compatible
- Adjustable receiving volume control : up to 30dB
- Adjustable receiving tone control +/- 10dB
- Outgoing speech amplification : +/- 3dB
- Extra amplification settings: On/Off
- Visual bright ringer indicator
- Visual red extra amplification indicator
- The phone has 3 ringer options, without batteries inserted the phone has a normal two tone electronic ring, with batteries inserted, you can also have the UK (tring.. tring..) and European (triiiiing) style bells options as well
- Low battery warning (if you decide to use the optional batteries for higher volume)

Calling

- Last number redial
- SOS button
- Automatic hang-up function
