Our **Jigsaw Puzzle 63 Piece Burano Island** is a fantastic resource for people in early stages of dementia or Alzheimer's.

### How it Works

The number of pieces and age-appropriate image makes the 63 Piece Burano Island Jigsaw Puzzle challenging but much more achievable than traditional jigsaws.

All our puzzles are made from plastic making them easy to clean and very durable, suitable for use at home as well as in a hospital or care home.

Once the puzzle is complete the image and prompt questions can be used to spark interesting conversations and memories.

### Burano Island

Burano island is a beautiful image from Active Minds' 63 piece jigsaw range. Created especially for people living with dementia, the puzzle shows the delightful island of Burano which is a small boat journey from Venice.
