- Part of our MPPL System

Our **Door Alarm with LCD Pager - Complete Alarm Kit** is a wireless alarm system that will alert you when a door has been opened.

- LCD screen displays what alarm has been triggered
- Customisable pager that can be used with multiple transmitters if required
- Tone control (high/low)

Alarm Settings

The portable pager alarm that has 3 settings;

- Vibration + audio alarm,
- Vibration only
- Off

The 3 settings allow the carer to be in complete control of when they will receive an alarm, & how it will be received. The ability to control individual pagers is also important when using multiple pagers.

Alarms cannot be renamed

The alarms on this pager will follow in numerical order, Call 01 , Call 02 , Call 03, etc. These names cannot be changed.

AlzProducts Simple Set-Up

Alarm systems can be tricky to set-up, especially for someone who hasn't got much experience in this area.

At AlzProducts we program each customer's order before dispatch, this means that your pager will already be paired with your transmitter (or transmitters) on arrival.

All that is required when you receive your product is the insertion of the batteries that are included. Detailed instructions are also included, and our customer service team are happy to help, either by telephone or by email.

How to Order

Orders can be placed securely online at AlzProducts.co.uk - or over the phone with our UK sales team.

Call 024 7642 2224 to place your order or for further information. This product's order code is 1005380.
