The hi-tech **Safety Beam Border Patrol** movement alarm can alert you to someone falling or getting out of bed. An invisible infrared beam projects between the 2 units, if something moves through the beam the receiver emits an audible alert.

The Safety Beam Border Patrol is ideal for use whilst caring for the elderly, children or pets. Versatile as a safety or burglar alarm for home, garage or shed.

Features

- Transmitter and receiver create an infrared beam up to 20 metres
- Alarms if someone moves through the beam
- Two distance settings
- Easy to align with LED indicator lights on both units
- Hole on back of each unit for screw to wall-mount (can also be used free-standing)
- Each unit measures 95 x 70 x 25mm

Volume & Battery

- Each unit uses 1 x 9v battery (not included)
- Low battery warning signal
- Three volume level settings and alarm tones
