The **Nature Explorer & Walker Autumn Pack** is designed to encourage people to notice and enjoy the seasons whilst on a walk.

- Pack has a range of seasonal textures and photographs
- Used to highlight the seasons and to search and find various plants and animals whilst walking
- Contains 1 x Autumn Nature Walker and 1 x Autumn Nature Explorer

How It Works - Nature Walker

Plan a short walk near you. It might be a local park, area of natural beauty or it might be in your garden.

- Simply fan out the walker, search for a matching object and check through the looking hole to compare
- Slow down and take your time
- Look for one page at a time, take in all the sights, sounds, smells and textures
- The product is also waterproof so don't worry if it starts to rain

How It Works - Nature Explorer

Firstly, look through the book to familiarise yourself.

- Whilst walking, search for some of the seasonal reminders inside the book
- When you do think you have spotted something, take a look inside and check it is the same
- If you want to know the names of the flowers/trees, look at the back page
- Inside there are also some helpful questions to ask along the way

For inspiration each page shows a range of potential objects you might discover - you might even find something else!
