Delivery: £3.95 incl. VAT per order

Animal Snap - Group Game is a set of 48 cards which can be grouped together into different families. These can be used in three different association games which support cognitive stimulation therapy.

- Includes three games of different difficulty levels: Snap, Pairs, and Full House
- High colour contrast and easily recognisable images
- 48 x laminated cards that are Infection control compliant

How It Works

The pack includes three games of different difficulty levels: Snap, Pairs and Full House. The aim of each game is to match families of cards, e.g. Snap requires the player to match two cards from the same family.

The cards have all be designed with high colour contrast and easily recognisable images that support people with dementia to play each game without assistance. The three different difficulty levels ensure this game is suitable for people with early or mid-stage dementia.

How to Order

Orders can be placed securely online at AlzProducts.co.uk - or over the phone with our UK sales team.
